OUR MISSION

SparkC's mission is to deliver innovative, secure, and scalable solutions across Cybersecurity, Learning Management Systems, Next-Gen Training Technologies, and Mission Support services. We empower organizations to elevate workforce performance, strengthen operational resilience, and achieve mission success through cutting-edge technology and unwavering service excellence.

WHOM WE SERVE

SparkC proudly serves federal, state, and local government agencies, educational institutions, and corporate organizations seeking secure, scalable, and mission-ready solutions. Our clients rely on us to strengthen cybersecurity posture, modernize training and workforce development, deploy high-performance LMS platforms, and deliver expert mission support that drives continuous operational excellence.

BlueCross BlueShield
of Illinois

CORE COMPETENCIES

✓ Cyber - IT Security - Managed Security

We deliver mission-critical Cyber and IT Security capabilities that fortify federal agencies through relentless monitoring, precision threat detection, and NIST- and FedRAMP-aligned risk defense. Powered by proven federal performance, we secure essential systems, accelerate operational readiness, and empower agencies to execute with absolute confidence.

✓ Learning Management Solutions

We provide secure, custom-built federal Learning Management Systems that streamline certification, compliance, and workforce development through scalable architecture, mission-aligned training workflows, API integration, and continuous 24/7 support to strengthen agency readiness and operational performance.

✓ eLearning, Training & ISD Support

We design and develop transformative eLearning experiences that blend human-centered design, immersive simulations, and proven instructional methodologies to elevate workforce capability, strengthen mission readiness, and deliver scalable, high-impact training solutions for organizations operating in complex, rapidly evolving environments.

ABOUT OUR COMPANY

Founded in 2013, SparkC aimed to become a transformation partner to assist industry in mitigating and managing emerging cybersecurity risks, adapt to emerging training technologies and deploy learning management solutions.

Leveraging a team of seasoned experts, robust industry certifications, and a mission-driven mindset, SparkC empowers clients to identify and mitigate risk, elevate workforce capability, optimize mission systems, and achieve secure, compliant, and operationally effective outcomes.

PAST PERFORMANCE

Delivering quality customer service and elevated subject matter expertise that built a battle-tested track record ranging from federal, state, local, and commercial sectors. Gaining exceptional CPARS in our pursuit to solve our clients challenges.
